THREE VIOLATED THE LIQUOR LAWS

George A. Kaiser and John N. Shultz Given Hearing before Squire Hill and Bruce Tonsil before Squire Harnish.

George A. Kaiser, proprietor of the Washington House, and John N. Shultz, proprietor of Shultz's Cafe, were given hearings this morning before Squire Hill on charges of selling beverages containing alcohol on Sunday. Each gave bail in the sum of \$150 for his appearance at Court. The informations were made by John C. Shealer.

Mr. Kaiser was charged with selling Malt Brew and John L. Shultz with selling Malt Manna, both of which are said to contain alcohol, the former being labeled as containing not more than two per cent and the latter as containing not more than one half per cent. The offenses are alleged to have been committed on Sunday, September 23.

The two defendants offered in defense of their action that they had purchased the goods with the understanding that they were "soft drinks" and could be sold on Sunday. William Hersb, Esq., represented Mr. Kaiser, and J. L. Butt, Esq., represented John Shultz. District Attorney White conducted the cases for the Commonwealth.

This afternoon Squire Harnish gave a hearing to Bruce Tonsil charged with selling whiskey on Sunday. Tonsil is alleged to have sold liquor to George Dorsey in the alley at the rear of the City Hotel on Sunday, September 8. Dorsey was later arrested for being drunk and disorderly and is now serving a twenty day sentence imposed by Squire Harnish.

WHITE CHURCH

White Church, Sept. 24—The Harvest Home services will be held at this place on Sunday at ten o'clock, also at the same time the Holy Communion will be held. Preparatory services on Saturday at two o'clock.

IS RECOVERING

The condition of Eugene Staub, formerly of Hanover, who was injured in a wreck near Hagerstown on Monday, September 16, is slightly improved. The man and his engineer were returning from Highfield with an engine running backward, which they had been using as a "pusher." When within four miles of Hagerstown the locomotive left the rails, burying Staub beneath the coal from the tender. Fortunately his face was uncovered in time to prevent him from smothering to death, while it took almost three hours to release him from the wreck. His right leg was broken at two places, his body was severely scratched and he may have received internal injuries, which have not developed up to this time.

AUTO ACCIDENT NEAR EAST BERLIN
Mr. and Mrs. Alexander Lehmer, of near Dillsburg, and Mr. and Mrs. Millard Shultz, of Franklinton, had a very narrow escape from serious or possibly fatal injuries when the automobile in which they were riding skidded and upset. They were enroute to Hanover in Mr. Lehmer's machine and were speeding along on the pike near East Berlin at the rate of fifty two miles an hour when the machine skidded and upset on its side, smashing the windshield and top and breaking the steering gear. The occupants were thrown heavily to the ground, but with the exception of a few bruises and cuts, were not seriously injured.

COMPLAIN OF LATE TRAINS

Formal Complaint Sent to Post Office Department on Account of Irregularity of Western Maryland Trains.

The persistent failure of the Western Maryland Railway to get many of its trains into Gettysburg on time for some weeks past has not only been the cause for dissatisfaction to the people of the town and traveling public in general but has become so annoying to the local post office that Postmaster Beales has laid formal complaint with the Second Assistant Postmaster General.

In his complaint Mr. Beales states that for weeks past it has been a regular practice for the trains to be late, almost every day some of the trains being late and some days all of the important mail trains arriving behind schedule time. The evening train due at 7.13, the complaint states, has been running from twenty minutes to two and a quarter hours late every day this month and has been irregular all summer.

The complaint further calls attention to the fact that this is not only a great annoyance and inconvenience to the patrons of the Gettysburg office in not receiving their mail promptly but the outgoing is frequently delayed, the late trains failing to make proper connections for through mails.

There is no legislation which imposes penalties upon railroads carrying mails when they fail to get through on time but the contracts between the government and the railroads call for penalties when trains are late without good reason and a fine when mails are missed without sufficient cause.

This morning the train on the Western Maryland due at 7.55 was twenty minutes late and arrived here without bringing most of the customary mail from the main line, the connection on that portion of the road being delayed for several hours on account of some trouble at Wakefield. As a result the local did not wait for mail and papers and came through with only the mail from the other connections and from the stations between Highfield and Gettysburg.

Regarding conditions on the Western Maryland the Hagerstown Globe has the following to say:

But few people realize the enormity of the problem with which the Western Maryland Railroad has to cope and considering all things, its immense amount of freight traffic is being handled admirably well.

In some instances the Western Maryland has had to give orders to its freight conductors to run through, freight trains being given the right of way over passenger trains. This of course, is a revision of the rule but the freight has to be handled. Shippers demand delivery of their goods. Consignees do the same. To hold the business it is absolutely necessary to make time on shipments. But matters are rapidly adjusting themselves.

The railroad is being used very hard and scarcely stands up under the strain. This is not to be wondered at when it is known that at least 200 tons are on the rails within the space of about one fourth of a mile or the length of a freight train.

Between 150 and 200 carloads of freight daily have been added to the traffic of the road since the opening of the Conneville extension in addition to its already heavy business.

Citizens of Smithsburg have sent in a complaint to the Western Maryland Railroad Company at Baltimore in regard to the passenger trains running late on their schedules. The complaint states that persons working in Hagerstown get to work too late.

INSTALL PASTOR OF CHURCHES

Installation services were held in St. Stephen's Lutheran Church, New Kingston Sunday, when the Rev. J. K. Robb was installed as pastor of that church and the Zion Lutheran church at Churchtown. Services were held in the latter church in the morning, when Dr. T. C. Billheimer, of Gettysburg, preached the sermon.

In the evening Dr. Billheimer again addressed a large audience in St. Stephen's Church. The installation service was in charge of Rev. Dr. George M. Diffenderfer of Carlisle, president of the West Pennsylvania Synod.

Rev. Mr. Robb is a son-in-law of Hon. William A. Martin, of Gettysburg.

TO HUNT BLIGHT IN THIS COUNTY

Representative of Chestnut Tree Blight Commission Makes Gettysburg his Headquarters for Several Months. To Visit County.

P. V. Siggers, representing the Pennsylvania Chestnut Tree Blight Commission, came to Gettysburg Monday to make his headquarters here for the next few months during which time he will travel over the county in an endeavor to point out to farmers and others their trees which are infected with the blight.

This is the first time that Adams County has had a representative of the commission stationed within its bounds and all those owning chestnut timber will welcome the action of the state in putting a map here.

Various reports have come into this office of the blight appearing in Adams County, notably in the western section and all reports of this nature will be thoroughly investigated by Mr. Siggers. He will be glad to receive word from any one having timber which they want inspected and will go with them over their land to make a thorough examination.

The method of checking the blight which the state has adopted is simply to cut down the trees so affected and thus prevent its spreading to other trees. In some sections efforts have been made to save the trees by cutting out the infected parts but the general manner of combating the disease is to cut down the trees which it has attacked. Mr. Siggers, however, will do none of this work, simply advising what course should be taken.

The commercial value of the timber is little lessened by the blight which works principally in the bark and results in the tree being killed and, if the timber is secured before the tree is too far gone, full price may be gotten though dealers in lumber use the presence of the blight as an argument to get the trees at lower prices than would otherwise be expected.

COUNTY POSTMASTERS UNDER CIVIL SERVICE

It was practically decided on Monday that President Taft in the near future will issue an executive order placing all fourth class postmasters in the classified service. This will affect all the postmasters in Adams County except those at Gettysburg, Littleton and New Oxford. Gettysburg is a second class office and the other two towns are third class post offices.

This order, relieving 36,638 postmasters from the uncertainty of political appointment, will be one of the most comprehensive and far reaching, affecting the civil service, ever issued by a President of the United States.

That the President would take this step, his first act toward putting into practice his often expressed belief that all Government officers below the grade of Cabinet members, should be removed from the influence of politics, and placed under the civil service, became practically certain late Monday after a delegation of postmasters, returning from the annual convention of the association at Richmond, Va., had been received at the White House by Postmaster General Hitchcock. The visitors submitted a monster petition, signed by about 20,000 postmasters, asking that they be placed in the classified service.

MRS. GEORGE E. MCGLAUGHLIN

Mrs. Mittie McGlaughlin, wife of George E. McGlaughlin, died at her home in Fairfield about 8 o'clock Monday evening of heart trouble at the age of 25 years, 1 month and 29 days.

She is survived by her husband and three children, Dorothy, Charles and Clyde, also by her parents, Mr. and Mrs. H. C. Shryock and two brothers, Harry Shryock, of Fairfield; and Charles Shryock, of Philadelphia.

VETERANS WANT THEIR WAY PAID

Announcement that no Provision is Made to Bring Veterans to Gettysburg Next Year Stirs Civil War Soldiers to Action.

The announcement made in these columns, and in the public press throughout the state several weeks ago, that no provision had been made by the state of Pennsylvania to furnish free transportation to the veterans who wish to come to Gettysburg in 1913, has raised an earnest agitation among Grand Army posts and all veterans for an appropriation to cover this item.

The impression had gotten abroad that every veteran in this country who wished to attend the celebration would be furnished transportation to and from Gettysburg and that the United States government would take care of them while here. The latter part of the supposition is correct and a camp to take care of 40,000 old soldiers will be established by the War Department near town. Equally true is it that some of the states have provided for sending their veterans to Gettysburg for the battle anniversary celebration.

Pennsylvania, however, is not one of these and in order that the old soldiers of this state, not only those who took part in the battle but all those who fought in the Civil War, may come here and enjoy the big semi-centennial a bill will be introduced at the next session of the legislature providing for a sufficient appropriation.

With the agitation on the part of the veterans themselves and the general sentiment of the public back of such a measure its early passage is virtually assured and the signature of Governor Tener will soon set at rest, it is believed, the fears of those soldiers who doubted that they would be able to come to Gettysburg for the greatest event of their lives—because the state which they represented had not provided for their getting here and returning home.

DATE OF PLANTING WHEAT

The season for planting wheat is now at hand, and as the chief threat in avoiding destruction by the fall brood of the Hessian fly lies in not planting too early, Prof. H. A. Surface, State Zoologist, Harrisburg sends out the following information from his office:

Over the greater part of Pennsylvania wheat should not be planted before the last week of September, and to be sure of avoiding the Hessian fly, it is best to delay the planting in all parts of the state until after the 20th of this month. A year ago the Hessian fly was very destructive throughout Pennsylvania, and farmers then learned the importance of taking precautionary measures toward preventing an increase. Volunteer grain should be plowed down by the end of this month. Those who are wise enough to have a trap strip across the field in order to catch the eggs of the Hessian fly can turn this down by the last of September, and drill it to wheat for their regular crop.

REAL ESTATE SALE

Charles E. Ehrhart, Esq., and Jacob S. Schwartz, executors of the last will and testament of Samuel Schwartz, late of Hanover, sold at public sale the farm of said decedent, in Cone-wago township, along the Hanover and Littlestown turnpike. The farm contains 52 acres, improved with a one and a half story frame house, new bank barn, and other outbuildings. About five acres of the tract is woodland, and a quarry of good grade building stone is on the premises. The property was purchased by H. D. Sheppard, of Hanover, at \$101 per acre.

CROP OF CHINQUAPINS

There seems to be a large crop of chinquapins on the mountain, this year, larger than for many years. The nuts are said to be quite plentiful and one man succeeded in getting over five quart. He says it is a little early for them. With several frosts the burrs will be open.

TO HAVE GIRL'S REFUGE

Charles T. Corman, of Carlisle, editor of the Poultry Item, published at Sellersville, Bucks county, received a letter from the representative of a number of Philadelphia philanthropists asking for a conference on the establishment of a proposed chicken farm on an extensive scale, the main purpose of which will be to care for invalid shop and store girls, and girls who have fallen by the wayside, with the hope of winning them back to health and proper life.

Mr. Corman will go to Philadelphia. At least 500 acres of land will be required and the immense farm will be divided into small plants with a superintendent over each division.

Mr. Corman states that the money is already in hand and a site is being considered in Cumberland county, a few miles from Carlisle, which will be composed of two farms and a tract of land adjoining them.

FISH PLANTING

Superintendents of the state's fish hatcheries have been summoned to a conference this week for discussion of methods for distribution of trout and other fish this Fall and for discussion of the proposed fish law code.

The conference has been called by Commissioner of Fisheries N. R. Buller for Corry, on September 26, and he expects it to be of considerable importance, as each superintendent will report on the number of fish available for distribution this Fall and the applications will be gone over by men who are familiar with streams so that the best results from the Fall planting may be obtained, it being the plan to make this Autumn's distribution the largest in the history of the department.

REV. RENE WILLIAMS

TENDERS RESIGNATION

The Rev. Rene H. Williams, pastor of Messiah Lutheran church, Harrisburg, since May 1, 1905, announced his resignation to take effect November 1, at the morning services Sunday. Mr. Williams will go to Hughesville, where he has accepted a call. Hughesville is in Lycoming county. A congregational meeting will be called within the next two weeks to take action upon Mr. Williams' resignation.

RACE AND BET BEFORE POLICE

Gambling Goes on at Havre de Grace Track.

CROWD OF 2500 ON HAND

The Sheriff Refuses to Swear in as Deputies Policemen Imported From Baltimore.

Havre de Grace, Md., Sept. 24.—Racing, with the bookmakers operating in full swing, continued here, although fifty-one uniformed imported police from Baltimore stood about the betting ring, but were helpless to call a halt either on the racing or the gambling.

A crowd of 2500 braved the rain to see the expected clash between the racing men and the Maryland authorities, but there was none.

The bookmakers were backward at the start and the crowd also was a bit timid, but when it was learned that the Baltimore police were powerless to act, twenty-six states were put up and betting started. At times the police who loitered about the betting ring were jeered by the bookmakers.

The Baltimore policemen were in command of Deputy Marshal Manning on the order of Attorney General Edgar Allan Poe and Governor Goldsborough, who held a conference on the means to take.

The fact that there was no interference with the racing and betting was due to Sheriff W. S. Clark, of Harford county, refusing to take any action without an order of the circuit court of Harford county, and this he did not receive. The sheriff was at the track, minus deputy sheriffs, although it was the original intention to swear in the Baltimore police as deputies.

Sheriff Clark stated that he would not interfere without being provided with a court order, and as this was not forthcoming he would do nothing. The police soon left the track for Baltimore, a much drenched set of men, as the rain poured upon them during the whole time they were waiting at the track for orders from the sheriff.

Prior to his departure from Baltimore the state authorities tried to arrange by telephone to have Sheriff Clark, who lives at Belair, meet them and swear in the force as deputies. But when Manning arrived he could not find him.

After a search of half an hour he heard that Clark was at his home, and, leaving his policemen in the race track grounds, the deputy marshal started for the county seat in a motor car.

Hardly had Manning disappeared before Clark arrived at the track. Sheriff Clark said:

"I don't know what the police from Baltimore are doing here. I didn't send for them, and don't want them. I will make no arrests except upon orders from State's Attorney Royston Stiffer or Judge William H. Harlan."

Sheriff Clark was asked if he would make an arrest if he saw any betting. He said:

"Not unless I had a warrant or an order from court. I would make an arrest if I saw liquor being sold, because I know that's a violation of the law. But I don't know that betting is illegal."

"I would not make an arrest on a written order from the state attorney or from the attorney general, unless it was issued by the court or by a justice of the peace. I have to look out for myself. My attorney, H. E. Webster, advises me not to make an arrest without a regularly issued warrant."

MINERS IGNORES ORDERS

Continue Strike in Panther Creek Valley When Told to Return.

Tamaqua, Pa., Sept. 24.—Additional recruits were added to the 9000 strikers in the Panther Creek valley when the employees at the Greenwood washery quit work, leaving the Hauto washery the only coal producing establishment in operation throughout the district.

All operations on the Panther Creek Valley railroad have ceased, with the exception of an engine or two used to haul fuel to the boiler houses.

It was learned that on Saturday Manger Ludlow, of the Lehigh Coal and Navigation company, and National President John P. White, of the United Mine Workers, exchanged telegrams, which finally resulted in President White's sending the district officers messages telling them to get the matter adjusted as quickly as possible and order the men back to work. Up to this time no action has been taken. It is known that many of the workmen are opposed to resumption.

Killed in Fight Over 94 Wager.
Elkton, Md., Sept. 24.—As a result of a fight over \$4 that grew out of a bet at Neck Island, Charles Simmons, thirty years old, died at the University hospital from a fractured skull, and Harry Turney, a seventeen year old, of New Jersey, who struck Simmons over the head with a spade, is in the Chestertown jail, charged with causing Simmons' death.

DIES IN LONDON AFTER WEDDING AT SICK BED

Bridegroom Was Victim of an Automobile.

Lancaster, Pa., Sept. 24.—Six weeks ago Miss Anna Mary Landis, of Millersville, daughter of John H. Landis, superintendent of the Philadelphia mint, sailed for London, having been summoned there by an accident to her fiancé, Cornelius Logan. He was hurt in an automobile accident and his condition was said to be serious.

When Miss Landis arrived in London it was found that Mr. Logan was in a critical condition, and it was decided that the wedding should be performed at once, as it was feared that death might ensue.

The couple were married Sept. 3 in London at Mr. Logan's bedside and the bride then undertook to nurse her husband back to health. Her efforts were of no avail and he succumbed to his injuries.

Mrs. Logan is well known in elocutionist and dramatic circles in Philadelphia and New York, where she has frequently appeared.

Mrs. Logan has cabled her father that she will return early in October.

KAISER IGNORES PRINCE

Use Written Communications and Son Reproaches Father.

Vienna, Sept. 24.—Zell publishes the following message from its Berlin correspondent:

The disagreement between the kaiser and the crown prince has reached practically a complete breach. Verbal communications have almost ceased, and when the prince wants to communicate with his father he does so in writing through his house marshal.

The crown prince's last communication to the kaiser was a bitter reproach because the latter sent a general to review his regiment instead of coming himself. It is stated that the kaiser absolutely disregarded the festivities in connection with the birthday of the crown prince last Friday. There was a gala banquet and reception, but the kaiser attended neither.

He remained only a half hour in Berlin on his way from the naval maneuvers at Wilhelmshaven to his autumn shooting ground, Rominten. The kaiser joined the kaiserin and Princess Victoria at the station and left again immediately.

MILITIA FIRED UPON

Lively Exchange of Shots in West Virginia Strike Zone.

Charleston, W. Va., Sept. 24.—Militia sentinels on duty at Mucklow, in the Paint Creek coal field, were fired upon.

There was a lively exchange of shots between the soldiers and the attacking party, and it is believed that some of the attackers were wounded.

None of the soldiers was hit. Reinforcements have been sent to the scene, and the hills in the vicinity are being scoured by the troops.

Would Free Cuban Rebels.

Washington, Sept. 24.—Minister Beaupre, at Havana, Cuba, reported to the state department that President Gomez has sent a special message to the Cuban congress recommending that about 1000 colored men who had been imprisoned for participation in the recent revolt, be granted amnesty. The recommendation does not cover the leaders in the revolt.

PUBLIC SALE

of a Carload of FINE WEST VIRGINIA COLTS Weanings, Yearlings, 2 and 3 Year Olds.

At John Taughinbaugh's Farm in Hunterstown, Pa.

Wed., Sept. 25, '12

They come direct from West Virginia, the kind that always grow in value and demand the highest cash price. They are no bronchos, but the right kind to make heavy draft and fine drivers. Farmers will do well to attend this sale, as they all know that when I put them up I sell them, make or lose.

Sale to start at 1 o'clock P. M., rain or shine. Liberal credit will be given.

Howard J. Spalding.

STARVED REBEL
CITIES GET FOOD

Marines Aid Sufferers at
Granada and Masaya.

REVOLT FAST DYING OUT

Towns in Nicaragua Had Been Iso-
lated by the Rebels For Sixty
Days.

Washington, Sept. 24.—Major But-
ler's force of United States marines
in Nicaragua has taken full charge
of relief operations for the starving
inhabitants of Granada and Masaya,
the two cities that have been held by
the rebels for the past two months.

The state department has dispatched
from Admiral Southerland telling of-
ficially of the arrival of the American
force at Granada last Friday after-
noon. The American Red Cross is fur-
nishing the food for the starving peo-
ple in the cities, the admiral stated.

One of the first steps in the relief
work for the inhabitants of the two
cities will be to restore railroad com-
munication with Managua. For sixty
days the cities have been practically
cut off and only stories of suffering
have managed to get out. In Masaya,
especially, it was stated there is a
great shortage of food, and supplies
will be rushed there at once.

Admiral Southerland returned to
Managua after Major Butler's force
got through Masaya on its way to
Granada, and will plan with Minister
Weltzel for future action. The admiral
expects to go to Granada within a few
days to look over the situation there.

With the taking of the two cities
from the rebels it is believed now that
the revolt is practically over. The
single railroad in the country, that
extending from Corinto to Managua
and thence to Masaya and Granada, is
now controlled by the American
forces, and as Admiral Southerland
has declared that he will permit no
further fighting in the districts under
the control of his troops, there seems
to be nothing more for the rebels to
fight about, and it is predicted that
they will lay down their arms and try
to settle their differences with the
government at the polls in the coming
election. It is regarded as certain that
the United States government will
control these elections and see that
they are open and free.

The American forces are now in
charge of the main lines of communi-
cation in the republic, and their chief
work from now on will be the res-
toration of the country to something
like normal conditions.

The revolution, with the interruption
of communication, has resulted in wide
business depression and has greatly
affected the cultivation of the land, so
that in some districts a famine is
threatened. Admiral Southerland and
Minister Weltzel are preparing to give
their attention to these problems at
once.

SPANISH PRINCESS DIES

Infanta Marie Teresa, Sister of King
Alfonso, Succumbs.

Madrid, Spain, Sept. 24.—Infanta
Marie Teresa, sister of King Alfonso
and wife of Prince Ferdinand of Ba-
varia, died.

A daughter, her fourth child, was
born to her on Sept. 15 last, and she
never regained her strength.

The Infanta Marie Teresa was the
younger of the two daughters born to
King Alfonso XII, and was born in
Madrid twenty-nine years ago. She
was married to Prince Ferdinand of
Bavaria on Jan. 12, 1906.

Prince Louis Alphonse, their first
child, was born Dec. 12, 1906; Prince
Joseph Eugene, on March 26, 1909, and
Princess Maria de las Mercedes on
Oct. 3, 1911.

She was a favorite with her brother,
King Alfonso. When a child he was
happy in playing with her more than
the late Princess of the Asturias. She
in appearance was greatly like the
king, having similar delicate, regular
features, bright eyes and broad fore-
head.

Prince Murat Dies.

Paris, Sept. 24.—Prince Louis Napo-
leon Murat, a grandson of Marshal
Murat, whom Napoleon I. created king
of Naples, and a nephew of former
Empress Eugenie, died here, aged
sixty-one years.

Rob Man, Flee in Auto.

New York, Sept. 24.—Two highway-
men in a touring car held up John
Popper, a cheese manufacturer, on the
street opposite his place of business
and robbed him of a valise containing
\$800 cash and \$1000 in checks. Pedes-
trians and a policeman who saw the
hold-up pursued the automobile and
were red upon three times by the
highwaymen.

"Pat" Tully, Hotel Man, Dead.

Gloversville, N. Y., Sept. 24.—"Pat"
Tully, a hotel man known to all hunt-
ers and fishermen who have visited
the Adirondacks in the last quarter
century, dropped dead at his hotel at
Caroga lake.

Kills Brother During Quarrel.

Danville, Ky., Sept. 24.—After a
quarrel over a land trade, Percy Hager
killed his brother, William. The dis-
pute arose while the brothers were at
breakfast.

DYNAMITE CASES ON
TRIAL NEXT WEEK

51 Labor Union Men Will
Face Jury.

Indianapolis, Ind., Sept. 24.—Charg-
ed with complicity in the so-called
"dynamiting conspiracy," fifty-one
men, present or former officials of la-
bor unions, are to appear for trial be-
fore Judge Albert B. Anderson and a
jury in the federal court of this dis-
trict on Oct. 1.

Indicted under a federal statute for-
bidding the transportation of explo-
sives on passenger trains, the defend-
ants are alleged to have been con-
cerned in a nation-wide plot to destroy
the property of contractors employing
non-union iron workers, culminating
in the explosion of the Los Angeles
Times building, which cost twenty-
one lives.

Fifty-four were indicted by the
grand jury in its report of Feb. 6 last,
but of this number John and James B.
McNamara are in the San Quentin,
Cal., prison, and J. J. McCray, a for-
mer member of the executive board
of the International Association of
Bridge and Structural Iron Workers,
has not been found by the federal au-
thorities.

Most of the defendants are or have
been engaged in a struggle with the
National Erectors' association, an or-
ganization of structural steel and iron
contractors employing non-union
workmen. Members of this employ-
ers' association suffered loss from over
100 explosions from 1905 to 1911.

MAKES NOVEL CAMPAIGN

Promises If Elected to Report at End
of Each Session of Congress.

Camden, N. J., Sept. 24.—Congress-
man William J. Browning, who has
served the one year of the unexpired
term of the late Henry C. Loudens-
lager, purposes, if re-elected on the
Republican ticket, to render his con-
stituents an account of his steward-
ship at the end of every session of
congress.

He has a campaign committee which
has adopted the novel course of re-
porting, in weekly installments, his
conduct in congress during the past
year.

Speaking of the proposed innova-
tion, Congressman Browning said: "I
believe that a public servant should
be accountable to his constituents as
any employee to his employer in any
industry. If I am re-elected I shall
make a public statement at the end
of every session of congress."

To Carry Dupont Case Higher.

Wilmington, Del., Sept. 24.—Chan-
cellor Curdiss in the court of chan-
cery decided on appeal of the Dupont
boulevard case to allow it to pass to
the United States supreme court, after
the bonds and necessary papers had
been approved.

Horse Disease Dying Out.

Lincoln, Neb., Sept. 24.—State Vet-
erinarian Bostrom and E. T. Davidson,
of New York, expert in the service of
the bureau of animal industry of the
department of agriculture, in a report
made here said that the horse disease
in Nebraska is dying out.

Steamship Sinks; 115 Drowned.

St. Petersburg, Sept. 24.—The steam-
ship Obnovka was sunk in a collision
on the river Dwina. One hundred and
fifteen were drowned.

RECORD BREAKING SALE OF
PIANOS
On Wednesday, SEPTEMBER 25,

OUR SEPTEMBER SALE

...Of New And Used Pianos Opens....

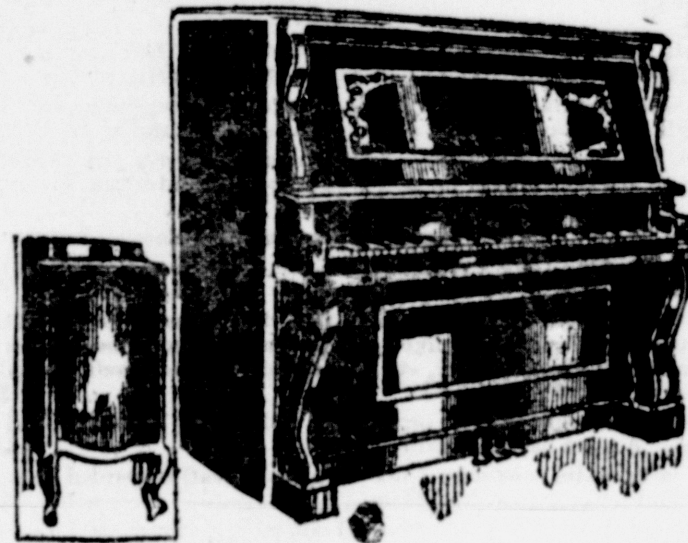

This Sale Will Run For 30 DAYS

OUR PURPOSE in running this sale is on account of not being able to get out to see the people, and we mean to make the prices
such that it will justify the people to come in the store and buy a Piano, giving them the benefit of the cost of hauling the pianos
around hunting for a buyer.

Have Ordered Car Load

of Pianos for this sale, which further
enables me to cut in prices on account
of freight and cut in prices for carload
lots. It would be unwise for you to
purchase a Piano without coming here
to see and hear the Pianos offered at
this exhibition and sale. Don't let this
opportunity slip, for it means a saving
of from \$75 to \$100 on every Piano,
if you have the remotest idea of buy-
ing a Piano. \$10 to \$15 in cash is all it costs
you down to have any of these beauti-
ful bargains delivered to your home;
\$6 to \$15 per month keeps it there. I
will give you a few of the prices, which
are extremely low for the quality of
the pianos:

Sale Opens Wednesday, Sept. 25, 1912

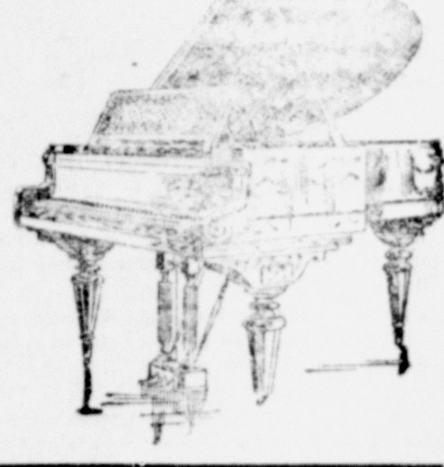

Liberal Offer

To those who purchase from us a
cheap piano we agree to take it back
within three years at its full purchase
price on any new high grade piano
which may be selected. This affords
an exceptional opportunity to those
who wish a medium priced or cheap
instrument for beginners.

Guarantee

Every Piano is sold under the
WRITTEN GUARANTEE by its
makers and if it proves other than we
recommend, it will be replaced by a
new one, with no expense to the pur-
chaser. The kind of a piano to buy

GUNMEN IN COURT

Trials of Sidna Allen and Wesley Edwards to Begin Oct. 28.

Hillsville, Va., Sept. 24.—Sidna Allen and Wesley Edwards, mountain gunmen, were arraigned here in the same courtroom where on March 14 five lives were snuffed out in a shooting affray of which they are alleged to have been the ringleaders.

By consent of lawyers on both sides their trials were transferred to Wytheville, where two of their claim were sentenced to die and others got long term sentences. Edwards will be tried first, beginning on Oct. 28, for the murder of Commonwealth's Attorney Foster. Allen will be tried for the murder of Judge Massie, when Edwards' trial is over.

The prisoners were returned to the Roanoke jail.

Your Kidneys Need Cleaning

Every Person, Healthy or Unhealthy, ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one tenth as important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again?

And when the kidneys become clogged they are unable to strain the impure matter from the blood, and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to the People's or Huber's Drug Stores today, and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks, and all the impure matter in your kidneys will pass out through the bladder, and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by the People's and Huber's Drug Stores to cure all diseases of the kidneys, liver and bladder, or money back. It is a wonderful tonic and blood purifier, and will bring the glow of health to the cheeks of the sick in a short time. 50 cents add \$1.00 a bottle. All druggists.
